North Topeka News: David Jackson reported that Joe Schriener Concrete Construction has erected a new steel building on NE Grantville Rd, primarily to house their trucks and other equipment and serve as an extra materials yard.

Taylor Haas reported to Dave that HME Steel is developing an Agriculture building line of steel buildings which will have free span widths of 40', 50', 60', or 80'. They will be a hybrid between wood pole barns and all steel buildings using 22" x 10" x 14' wood for roof support. Pricing will place it between the cost of wood frame and steel frame buildings. All of HME steel is from American mills.

**Program** Jeff Mulpass, Ex Dir: Alpha Christian Children's Home & School, [www.alphachristianchildrenshome.com](http://www.alphachristianchildrenshome.com)

Jeff is from Ohio & a buckeye fan. He started working in 2007 at this non-profit which does not accept government funds. It started in 1972 and is financed by churches and other groups. His wife was placed there at age 3 and she lived there until she graduated from the home school. Her life story is typical of the children living there. It serves children, who are infants to age 18 or longer, and do not pose a risk of harm to themselves or others. It offers the benefits of a healthy Christian family lifestyle in a rural setting, with regular church attendance and individualized Christian curriculum. School is complete when 80% of the educational exercises are completed. Six staff serve children who have been abused, homeless, exploited by the internet or lacking relatives to take care of them. The minimum stay is one year with no maximum time frame.
